

EL939026365US

AGBX-2 CIP

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants : Michael Gallo et al.  
Serial No. : 09/375,924  
Filed: : August 17, 1999  
For : GENERATION OF MODIFIED MOLECULES WITH  
INCREASED SERUM HALF-LIVES  
Art Unit : 1643

Hon. Assistant Commissioner  
for Patents  
Washington, D.C. 20231

INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.98,  
applicants hereby make the following documents of record in the  
above identified application:

U.S. Patents

Axel et al.	4,399,216	08/1983
Kaufman	4,740,461	04/1998
Kaufman et al.	4,912,040	03/1990
Clark et al.	4,959,455	09/1990
Stec et al.	5,151,510	09/1992
Lonberg et al.	5,545,806	08/1996
Surani et al.	5,545,807	08/1996
Rostoker et al.	5,625,825	04/1997
Presta et al.	5,739,277	04/1998

Copies of the aforementioned documents, which are listed on the accompanying Form PTO-1449 (submitted in duplicate), are enclosed herewith.

It is respectfully requested that these documents be (1) fully considered by the Patent and Trademark Office during the examination of this application; and (2) printed on any patent which may issue on this application. Applicants request that a copy of Form PTO-1449 (submitted in duplicate herewith), as considered and initialed by the Examiner, be returned with the next communication.

This information disclosure statement is understood to complement the Examiner's own search, and shall not be construed as a representation that a search has been made. The filing of this information disclosure statement shall not be construed to be an admission that the information cited in the statement is, or is considered to be, material to patentability as defined in § 1.56. Applicant reserves the right to challenge the applicability as prior art of any of the above-cited references.

An early and favorable action is respectfully requested.
